Selling 51 Bred Heifers & 9 Bull Calves

Welcome to the Triple J Bred Female & Bull Sale,

Whether you are a 4-H or FFA showman needing a project or a large cow/calf operation, this group of bred heifers has a lot to offer you.

We select heifers that are easy fleshing, have long, level hips, structural correctness and milking ability. These pedigrees are the same type of pedigrees in our cow herd that are producing our high selling calves in our club calf sale.

All of the 51 bred heifers we are selling have Triple J genetics. All 51 heifers are guaranteed to be AI'd.

If you are going to need a bull this year, make sure you come and take a look at this set. These bulls have big tops, square hips, are sound moving, soft made and are bred to be maternal sires.

We may not have large numbers, but our quality is top priority.

We stand behind these cattle 100%.

It will be our pleasure to present them to you on December 5th,

Sincerely,

Triple J
Johnnie & Melinda Johnson
Andy & Bonnie Jensen
Gary & Sue Johnson

We invite you to arrive early so you can take a good look at our offering. We welcome you to walk through the pens, eat lunch, and enjoy the company of good cattle and good friends. We look forward to seeing you on or before December 5th!
